Professional Summary

Java Backend Developer with 2+ years of experience designing and building scalable, distributed systems with Java, Spring Boot, and Clojure. Owns a microservice end-to-end, from authentication and event-driven Pub/Sub workflows to real-time WebSocket communication. Experienced in designing high-performance REST and GraphQL APIs, working with SQL and NoSQL databases (PostgreSQL, DynamoDB), and deploying on AWS with Docker.

Core Skills

- **Backend:** Java, Spring Boot, Rest.li, REST APIs, GraphQL, WebSocket, Pub/Sub, Microservices, Event-Driven Architecture
- **Languages:** Java, Clojure, SQL, JavaScript, TypeScript, C, C++
- **Databases:** PostgreSQL, DynamoDB, SQL, NoSQL
- **Cloud & DevOps:** AWS, Docker, Git
- **Frontend:** React, React Native, Redux Toolkit, Next.js

Professional Experience

Software Engineer 2 July 2024 – Present
Raja Software Labs *Pune, India*

- Lead backend development for a LinkedIn-affiliated project, building scalable services with Java and Spring Boot.
- Design and maintain high-performance APIs using Rest.li for architecture-compliant communication across distributed systems.
- Build and maintain backend services in Clojure, developing GraphQL and REST APIs integrated with PostgreSQL and DynamoDB.
- Own and lead a Clojure-based microservice for 2+ years, implementing authentication, event-driven Pub/Sub workflows, and real-time WebSocket communication backed by GraphQL.
- Use AWS and Docker for infrastructure and deployment across SQL and NoSQL database systems.
- Develop cross-platform mobile applications using React Native, with JavaScript, ReactJS, and TypeScript.

React Native Developer February 2024 – June 2024
Unique School App India LLP *Pune, India*

- Implemented accessibility features using React Native accessibility APIs, improving usability for users with disabilities and supporting WCAG compliance.
- Built a Communicator application from the ground up using Next.js and Tailwind CSS.
- Collaborated with cross-functional team members on user-friendly, accessibility-aligned interfaces.

Freelance App Developer August 2021 – July 2022
Remote

- Translated client business requirements into technical specifications and delivered mobile solutions end-to-end.
- Integrated third-party APIs and designed user-friendly interfaces.
- Managed source code with Git while collaborating with distributed teams.
- **Technologies:** React Native, React JS, Git, Redux Toolkit.

Education

Bachelor of Technology in Computer Science 2021 – 2024
Vishwakarma Institute of Technology, Pune, India **CGPA: 8.76**

Achievements & Coding Profiles

- **LeetCode:** Max rating 1720 (top 11%), 800+ problems solved | leetcode.com/prajwal_29
- **Flipkart GRID 4.0:** Semifinalist, top 1,300 of 150,000+ teams
- **Fiverr:** 5-star freelancer rating in Application Development and Bug Fixing
- **Hacktoberfest 2022:** Contributed to 4+ open-source projects
